2 **What does Making a Difference mean?**

Isn't it obvious?

(no)

3 **Our Story**

4 **Well, that's all lovely and everything, but how does that apply to me, my experiences, my young people and how I can 'Make a Difference'?**

5 **Working Therapeutically with Young People**

- Something we're all doing already
- Emotions!
- Involves listening
- It doesn't have to involve understanding
- A little goes a long way

6 **Things to Consider**

- Networking
- Your services vs Local services
- Limitations
- Test
- Grow
- Expand
- Review

7  **Things to Remember**

- We already make a difference
- Youth work is challenging
- We are a team
- We are human too
- We deserve looking after
- Today's 15-year-olds will make a difference tomorrow because of you
